**§ 192.0 Scope.**

This part sets forth regulations pertaining to procedures for the lawful exportation of used self-propelled vehicles, vessels and aircraft, and the penalties and liabilities incurred for failure to comply with any of the procedures. This part also sets forth regulations concerning controls exercised by Customs with respect to the exportation of certain merchandise. This part also makes provision for the Automated Export System (AES), implemented by the Census Regulations at part 30, subpart E (15 CFR part 30, subpart E), and provides the grounds under which Customs, as one of the reviewing agencies of the government's export partnership, may deny an application for post-departure filing status or revoke a participant's privilege to use such filing option, and provides for the appeal procedures to challenge such action by Customs.

**Subpart A—Exportation of Used Self-Propelled Vehicles, Vessels, and Aircraft**

**§ 192.1 Definitions.**

The following are general definitions for the purposes of this subpart A.

*Certified.* "Certified" when used with reference to a copy means a document issued by a government authority that includes on it a signed statement by

the authority that the copy is an authentic copy of the original.

*Copy.* "Copy" refers to a duplicate or photocopy of an original document. Where there is any writing on the backside of an original document, a "complete copy" means that both sides of the document are copied.

*Export.* "Export" refers to the transportation of merchandise out of the U.S. for the purpose of being entered into the commerce of a foreign country.

*Self-propelled vehicle.* "Self-propelled vehicle" includes any automobile, truck, tractor, bus, motorcycle, motor home, self-propelled agricultural machinery, self-propelled construction equipment, self-propelled special use equipment, and any other self-propelled vehicle used or designed for running on land but not on rail.

*Ultimate purchaser.* "Ultimate purchaser" means the first person, other than a dealer purchasing in his capacity as a dealer, who in good faith purchases a self-propelled vehicle for purposes other than resale.

*Used.* "Used" refers to any self-propelled vehicle the equitable or legal title to which has been transferred by a manufacturer, distributor, or dealer to an ultimate purchaser.

[T.D. 89-46, 54 FR 15403, Apr. 18, 1989, as amended by T.D. 99-34, 64 FR 16639, Apr. 6, 1999]

**§ 192.2 Requirements for exportation.**

(a) *Basic requirements.* A person attempting to export a used self-propelled vehicle shall present to Customs, at the port of exportation, both the vehicle and the required documentation describing the vehicle, which includes the Vehicle Identification Number or, if the vehicle does not have a Vehicle Identification Number, the product identification number. Exportation of a vehicle will be permitted only upon compliance with these requirements, unless the vehicle was entered into the United States under an in-bond procedure, or under a carnet or Temporary Importation Bond; a vehicle entered under an in-bond procedure, or under a carnet or Temporary Importation Bond is exempt from these requirements. The person attempting to export the vehicle may employ an

agent for the exportation of the vehicle.

(b) *Documentation required.*—(1) For U.S.-titled vehicles.—(i) *Vehicles issued an original certificate of title.* For used, self-propelled vehicles issued, by any jurisdiction in the United States, a Certificate of Title or a Salvage Title that remains in force, the owner must provide to Customs, at the time and place specified in this section, the original Certificate of Title or a certified copy of the Certificate of Title and two complete copies of the original Certificate of Title or certified copy of the original.

(ii) *Where title evidences third-party ownership/claims.* If the used, self-propelled vehicle is leased or a recorded lien exists in the U.S., in addition to complying with paragraph (b)(1)(i) of this section, the provisional owner must provide to Customs a separate writing from the third-party-in-interest which expressly provides that the subject vehicle may be exported. This writing must be on the third-party's letterhead paper, and contain a complete description of the vehicle including the Vehicle Identification Number (VIN), the name of the owner or lienholder of the leased vehicle, and the telephone numbers at which that owner or lienholder may be contacted. The writing must bear an original signature of the third-party and state the date it was signed.

(iii) *Where U.S. Government employees are involved.* If the used, self-propelled vehicle is owned by a U.S. government employee and is being exported in conjunction with that employee's reassignment abroad pursuant to official travel orders, then, in lieu of complying with paragraph (b)(1)(i) of this section, the employee may be required to establish that he has complied with the sponsoring agency's internal travel department procedures for vehicle export.

(2) *For foreign-titled vehicles.* For used, self-propelled vehicles that are registered or titled abroad, the owner must provide to Customs, at the time and place specified in this section, the original document that provides satisfactory proof of ownership (with an English translation of the text if the original language is not in English),

and two complete copies of that document (and translation, if necessary).

(3) *For untitled vehicles.*—(i) Newly-manufactured vehicles issued an MSO. For newly-manufactured, self-propelled vehicles that are purchased from a U.S. manufacturer, distributor, or dealer that become used, as defined in this subpart, and are issued a Manufacturer's Statement of Origin (MSO), but not issued a Certificate of Title by any jurisdiction of the United States, the owner must provide to Customs, at the time and place specified in this section, the original MSO and two complete copies of the original MSO.

(ii) *Newly-manufactured vehicles not issued an MSO.* For newly-manufactured, self-propelled vehicles purchased from a U.S. manufacturer, distributor, or dealer that become used, as defined in this subpart, and not issued an MSO or a Certificate of Title by any jurisdiction of the United States, the owner must establish that the jurisdiction from where the vehicle comes does not have any ownership documentation requirements regarding such vehicles and provide to Customs, at the time and place specified in this section, an original document that proves ownership, such as a dealer's invoice, and two complete copies of such original documentation.

(iii) *Vehicles issued a junk or scrap certificate.* For used, self-propelled vehicles for which a junk or scrap certificate issued, by any jurisdiction of the United States, remains in force, the owner must provide to Customs, at the time and place specified in this section, the original certificate or a certified copy of the original document and two complete copies of the original document or certified copy of the original.

(iv) *Vehicles issued a title or certificate that is not in force or are otherwise not registered.* For used, self-propelled vehicles that were issued, by any jurisdiction of the United States, a title or certificate that is no longer in force, or that are not required to be titled or registered, and for which an MSO was not issued, the owner must establish that the jurisdiction from where the vehicle comes does not have any ownership documentation requirements regarding such vehicles and provide to

Customs, at the time and place specified in this section, the original document that shows his basis for ownership or right of possession, such as a bill of sale, and two complete copies of that original document. Further, the owner must certify in writing to Customs that the procurement of the vehicle was a bona fide transaction, and that the vehicle presented for export is not stolen.

(c) *When presented*—(1) *Exportation by vessel or aircraft*. For those vehicles exported by vessel or aircraft, the required documentation and the vehicle must be presented to Customs at least 72 hours prior to export.

(2) *Exportation at land border crossing points*. For those vehicles exported by rail, highway, or under their own power:

(i) The required documentation must be submitted to Customs at least 72 hours prior to export; and

(ii) The vehicle must be presented to Customs at the time of exportation.

(d) *Where presented*. Port directors will establish locations at which exporters must present the required documentation and the vehicles for inspection. Port directors will publicize these locations, including their hours of operation.

(e) *Authentication of documentation*. Customs will determine the authenticity of the documents submitted. Once the authenticity of the documents is established, Customs will mark the documents. In most cases the original document(s) will be returned to the exporter. In those cases where the original title document was presented to and retained by Customs and cannot be found prior to the vehicle's export, the exporter's authenticated copy of the original documentation serves as evidence of compliance with the reporting requirements.

### § 192.3 Penalties.

(a) A \$500 penalty shall be assessed against an exporter attempting to export a vehicle without complying with the requirements set forth in this part of the regulations.

(b) A \$500 penalty shall be assessed against an exporter who has exported a vehicle without complying with the requirements set forth in this part of the regulations.

(c) A penalty not to exceed \$10,000 may be assessed against an importer or exporter who knowingly imports, exports or attempts to import or export:

(1) Any stolen self-propelled vehicle, vessel, aircraft or part of a self-propelled vehicle, vessel or aircraft; or

(2) Any self-propelled vehicle or part of a self-propelled vehicle from which the identification number has been removed, obliterated, tampered with, or altered.

(d) Any stolen self-propelled vehicle, vessel or aircraft or part thereof or any self-propelled vehicle or part of a self-propelled vehicle from which the identification number has been removed, obliterated, tampered with or altered may be subject to seizure and forfeiture pursuant to 19 U.S.C. 1627a.

### § 192.4 Liability of carriers.

Under the provisions of 19 U.S.C. 1436, the vessel master is charged with the responsibility for presenting a true manifest. If used vehicles are not included on the manifest or are inaccurately described thereon, a liability for penalties may be incurred.

### § 192.11 Description of the AES.

AES is a voluntary program that allows all exporters required to report commodity export information (see, 15 CFR 30.16) to submit such information electronically, rather than on paper, and sea carriers to report required outbound vessel information electronically (see, §§4.63, 4.75, and 4.76 of this chapter). Eligibility and application procedures are found at subpart E of part 30 of the Census Regulations (15 CFR part 30, subpart E), denominated
